

Apology and Correction

There was an error in the data under "CSR Report 2016" on page 38. We apologized and corrected it.

① "Energy consumption equivalent to crude oil equivalent and basic unit" in fiscal 2015

(Erroneous) Energy consumption equivalent to crude oil = 70, unit consumption = 0.048

(Regular) Energy consumption equivalent to crude oil = 69, unit consumption = 0.047

② "CO2 emissions and basic unit" in fiscal 2015

(Erroneous) CO2 emission = 132, unit consumption = 0.091

(Positive) CO2 emissions = 130, unit consumption = 0.089

that's all
